Objective

Motivated BTech CSE student with strong skills in Python full stack development (Django, React). Passionate about building scalable web applications and looking for an internship to apply my skills in real-world projects.

Skills

Languages: Python, JavaScript, SQL

Frontend: HTML, CSS, React.js

Backend: Django, Flask

Database: MySQL, SQLite

Tools: Git, GitHub, VS Code, Postman

Concepts: REST APIs, OOP, CRUD Operations

Projects

Student Management System (Django)

Developed a web application to manage student records, attendance, and marks.

Implemented CRUD operations using Django framework.

Tech: Python, Django, SQLite, HTML/CSS

To-Do Web App (Full Stack)

Built a task management application with add, update, delete features.

Integrated backend APIs with frontend.

Tech: React.js, Django/Flask

Python Automation Script

Created automation tool for data extraction/web scraping.

Reduced manual effort by automating repetitive tasks.

Tech: Python, BeautifulSoup

Education

B.Tech in Computer Science Engineering

Your College Name, Andhra Pradesh

Expected Graduation: 202X

Certifications

Python Programming – [Platform Name]

Web Development – [Platform Name]

Achievements

Completed multiple full-stack projects
